

## Services provided at our office

### Preventive services

Your health insurance policy may cover the cost of preventive medical checkups. Consult your insurance provider for specific details on coverage.

We offer the following preventive services...

- **Wellness exams** ( yearly physicals) includes physical exam, screening blood work, immunizations, Pap smear and other screening tests as applicable.
- **Well child visits**- includes physical exams, preventive counseling and anticipatory guidance, as well as immunizations for non-Medicaid insurances.

### Acute care/ sick visits

Being acutely ill can be miserable. We are generally able to see established patients the same day for non-emergent illness, to help you feel better as fast as possible.

Procedures - We perform a variety of procedures right in the office:

- Suspicious mole or skin lesion biopsy and/or removal
- Wart treatment with cryotherapy (freezing)
- Cerumen (earwax) removal
- EKG
- Rapid Strep Testing
- Glucose Testing
- Allergy shots
- Immunizations
- Stitches removal

Chronic Disease Management- We can manage your chronic disease management such as

- Diabetes
- Hypertension
- Weight management
- Asthma
- Arthritis
- Heart disease

### Vaccinations

We believe one of the most important parts of modern preventative care is appropriate immunization and offer the most recommended vaccines.

## Telemedicine

There are times, such as the COVID-19 pandemic, where in-office visits are not plausible. Telemedicine allows us to have an online visit. Please call the office for more information.
